

**2013 Great Reno Balloon Race
Media Day/School Tether Entry Form**

Media Day and School Tethers are scheduled for Thursday, September 5, 2013. We hope you will choose to participate in either of these events but please note that they conflict with one another so you will be unable to do both. We are expecting between 60 and 70 balloons for Media Day this year.

Pilot Obligations:

- Should you decide to participate, you will be provided with an additional night of accommodations for you on Wednesday, September 4.
- For Media Day at the Field: Fly one media member/VIP passenger. (Other passengers are at the discretion of the pilot.) **Rides are scheduled by the GRBR office.** These rides are not part of the sponsorship and constitute an additional day of flight. The GRBR thanks those of you taking part in the Thursday promotion. We appreciate your generosity in allowing us to use your balloon for the day.
- For School Tethers: In addition, we are looking for pilots interested in going to local schools and tethering their balloons. Tethered rides are not permitted but it's a fun way to teach the kids about ballooning and get them excited for the event. We will provide directions to the school at pilot briefing.

Notes:

Briefing will be held at 6:15 a.m. for both media day and school tether pilots. (Pilots - Please use McCarran Blvd. entrance – gates open at 5:00 a.m.) Propane is provided and the launch field will be available afterward for tailgating.

**PLEASE NOTE: BALLOONS NOT PARTICIPATING IN MEDIA DAY
WILL NOT BE ALLOWED TO LAUNCH FROM THE PARK THAT DAY.**

Please indicate your confirmation by returning this sheet on or before **Friday, August 16, 2013:**
